Arts Plaza and Passage Park	4.67 acres	None
PRIVATE OPEN SPACE ⁵		
Residential	2.16 acres	None
FOOTNOTES: <ol style="list-style-type: none"> 1. Includes density bonus allowed under State Density Bonus Law in Gov. Code 65915. 2. Under the Rail Corridor Plan, the base density limit is 50 du/acre, and minimum of 35 du/acre. Includes density bonus allowed under State Density Bonus Law in Gov. Code 65915. 3. The Rail Corridor Plan provides Design Guidelines encouraging reduced or no setbacks. Some setbacks may be provided if they contribute to the pedestrian interest. 4. Projects subject to the Rail Corridor Plan are required to conduct a parking analysis to determine parking requirements. See the parking demand analysis prepared in the TDM Plan by Nelson/Nygaard dated March 2020. 5. The Rail Corridor Plan does not provide a minimum open space area for this project site. Rather, the Plan provides a Corridor-wide goal of 15 acres of public open space. Also, Policy 5.10 calls for providing publicly accessible open space areas within the Hayward Park Station TOD Zone.
