Dear Mayor Goethals and the San Mateo City Council,

I am writing to you in support of a balanced approach to the future of San Mateo. Along with my neighbors, housing advocates, and the business community, I encourage the Council's support for the alternative measure to height and density limits - the Neighborhood Protection, Housing Opportunity and Affordability Act. San Mateans deserve a real choice on the ballot to support preserving neighborhood height limits while also granting flexibility to the City to better plan for our opportunity areas. Please join us in granting voters the chance to decide in November.

Respectfully,  
Larry Blair
