Public Works
Penalties & Interest
Impact, In-lieu, and Linkage Fees

Effective July 1, 2020, customers using credit/debit cards to pay for services will be charged a service fee payable to the City's merchant service provider at the rate of 2.6%+ in addition to the cost of services. The credit card service fee will be reflected as a separate transaction on your credit card statement. As an alternative, checks and money orders are acceptable by mail or cash, check, e-check and money orders in person at City facilities.

		(for 1st \$50,000,000) \$1.04 for each add'l \$1,000 or
		fraction thereof
\$75,000,000.01 and Over	Valuation	\$142,921.17
		(for 1st \$75,000,000) \$0.52 for each add'l \$1,000 or
		fraction thereof

NOTE: Valuation shall be determined based upon the International Code Council's most recently published Building Valuation Table with a regional cost modifier of 2.93. The project valuation will be inclusive of all trades - Building, Electrical, Mechanical, and Plumbing. The Building Official may adjust the plan checking/permit fee for an individual project when costs to the City are not congruent with this fee schedule.

		10 Unit Project	\$237,366.00

XI. POLICIES RE: PLANNING FEES

- A. If the cost of the staff time spent on the application(s) is less than the amount of the deposit, the balance shall be refunded to the applicant.
- B. If at any time before action is taken on an application, more than 70% of the deposit has been expended on the application, the applicant shall be required to pay an additional deposit.
- C. No public hearing on a planning application shall be held unless all deposits requested have been fully paid. No application by an applicant shall be accepted as complete pursuant to title 27 of the San Mateo Municipal Code if that applicant has failed to pay amounts due and payable for another planning application.
- D. The applicant is responsible for paying the costs of staff and consultant time incurred pursuant to any appeal.
- E. The cost for staff time expended by all city staff pursuant to a planning application shall be billed to the project account at the hourly rate in section III.
- F. The applicant shall pay the actual cost of any consultant services required to process a planning application including the environmental (CEQA) clearance processing.
- G. Under extenuating circumstances, the Community Development Director has the authority to set a deposit amount below the amount indicated in the fee schedule.
- H. "Planning applications" include: site plan and architectural review; special use permit; temporary use permit; variance; site development permit; subdivision and parcel maps; reclassification; planned development; general plan amendment; specific plan amendment; code amendments regarding land use regulation; development agreements, downtown economic development permit; planned signing districts and freestanding signs over 8 feet in commercial districts, single family dwelling design review (SFDDR), mills act contract, historic building survey amendment, historic building demolition permit and other planning applications as set forth in Chapter 27 of the San Mateo Municipal Code.

RECREATION COST RECOVERY AND PRICING POLICY*

The following shall serve as the policy guidance for establishing a Recreation Activities Cost Recovery Plan, developing annual activity budgets, and establishing fees to be charged for recreation activities. The specific elements of this policy are that:

- The Park and Recreation Cost Recovery and Pricing Model shall be used.
- In recognition of the wide variety of service values and revenue generating potentials of various activities, specific cost recovery thresholds shall be established for each recreation activity area at the most specific programming level that is administratively practical.
- The thresholds shall include both minimum and target levels of cost recovery.
- Strategies for achieving the minimum and target thresholds shall be established by staff for each activity area. These strategies may include immediate or gradual action depending upon the best interests of maintaining a strong program, achieving the target within a reasonable time period and current fiscal conditions.
- Activity areas unable to meet their minimum threshold after these strategies have been applied shall be reviewed by the Park and Recreation Commission for consideration of recommending appropriate action: reduce costs; reduce cost recovery target; eliminate activity.
- · Activities that have achieved or exceeded their target threshold shall be evaluated to determine if the target can/should be increased.
- The Cost Recovery Plan shall, where appropriate, also include specific other fee considerations (e.g. benchmarking to a specific competitor)
 that may supersede cost recovery target considerations.
- Once a Cost Recovery Plan is established, and within that context, staff shall have the authority to set and adjust fees, except that no fee increase shall exceed 20% within a 1-year period without the review of the Park and Recreation Commission and approval of the City Council.
- As part of the budgetary process, the Park and Recreation Commission shall review the Cost Recovery Plan and the performance of each activity compared to the plan and make any recommendations for changes to the plan.

Recreation Cost Tier Definitions

Direct: The specific "go-away" costs at the course or activity level. These include leaders, instructors and materials or services (e.g. transportation) specific to the course or activity.

Program Direct Overhead (DOH): Direct supervision of the program, and minor miscellaneous items such as supervisor mileage.

Facility Overhead (FOH): The combination of facility direct costs (the day-to-day costs to keep the building open-receptionist, custodial services, custodial products, utilities) and facility direct overhead (primarily facility supervision).

Operating Indirect Overhead (Op IOH): Division level and shared costs, such as departmental management, brochure, printing, photocopying, training, accounting support, technology, credit card discount costs, administrative office clerical support, computer, and recreation equipment sinking fund charges

Facility Indirect Overhead (Fac IOH): Calculated charges for the Public Works Building Maintenance for on-going maintenance and repairs (e.g. plumbing, electrical, mechanical, carpentry, painting).

RECREATION PROGRAMS COST RECOVERY PLAN - TABLE OF TARGETS

Group 1- Highest service value consideration- composed of core youth programs. Typical thresholds ranges: Minimum- From 100% subsidy to direct cost recovery. Target- From 100% subsidy through Direct Overhead (DOH).

ACTIVITY	MINIMUM	TARGET	OTHER FEE CONSIDERATIONS
Building Blocks	Direct	Through FOH	Benchmark fees to bottom end of Peninsula cities
Swimming Lessons	Direct	Through DOH	Benchmark fees to mid-point of Peninsula cities
Recreation Swim	75% Direct	Direct	
Summer Flex Camps	Direct	Through DOH	
King Center Teen Programs	100% Subsidy	100% Subsidy	
King Center Drop-In	100% Subsidy	100% Subsidy	
Senior Services Link	100% Subsidy	100% Subsidy	

Group 2- Composed of core programs for youth and seniors, with service values as higher consideration. Typical thresholds

ACTIVITY	MINIMUM	TARGET	OTHER FEE CONSIDERATIONS
Children's Services Center Based	Direct	Direct +20%	
King Center Children's Programs	50% of Direct	Direct	
Children's Services Special	100% Subsidy	100% Subsidy	
Youth Dance/Dance Shows	Direct	Through DOH	Benchmark fees to mid-point of Peninsula cities.
Youth Art	Direct	Through DOH	
Youth Gymnastics	Direct	Through DOH	
Senior Center Programs	Direct	Direct	
Senior Center Special Events	Direct	Direct	
Teen Dances	Direct	Through DOH	

RECREATION PROGRAMS COST RECOVERY PLAN - TABLE OF TARGETS (continued)

Group 3- Composed primarily of adult core, and youth additional typical programs, in which both service and cost recovery values are of strong consideration. Typical thresholds ranges: Minimum-Through Direct Overhead (DOH). Target-Through Facility Overhead (FOH)

ACTIVITY	MINIMUM	TARGET	OTHER FEE CONSIDERATIONS
Youth Music/Drama	Through DOH	Through FOH	
Youth Sports Camps	Through DOH	Through FOH	
Miscellaneous Athletic Activities	Through DOH	Through FOH	
Beresford Kids Club	Through DOH	Through FOH	Benchmark fees to San Mateo Foster City School
Adult Music/Drama	Through DOH	Through FOH	
Adult Dance	Through DOH	Through FOH	
Youth Fitness	Through DOH	Through FOH	
Adult Fitness	Through DOH	Through Operating	
Adult Arts and Crafts	Through DOH	Through FOH	
Adult Sports Leagues	Through DOH	Through FOH	
Tennis	Through DOH	Through FOH	Benchmark fees to less than top of market.
Golf Lessons	Through DOH	Through FOH	
Adult Swimfit	Direct + additional	Through FOH	Fees less than top of market.
	required office staffing		
Specialized Aquatics Programs	Through DOH	Through FOH	
Senior Lunch	67% of food costs	Direct	

Group 4- Composed primarily of specialty activities, with cost recovery considerations of highest consideration among the 4 groups. Typical thresholds ranges: Minimum-Through Direct Overhead (DOH). Target- range of from through Facility Overhead (FOH) to full recovery.

ACTIVITY	MINIMUM	TARGET	OTHER FEE CONSIDERATIONS
Martial Arts	Through DOH	Through Operating	
		Indirect Overhead	
Ice Skating	Through DOH	Full Cost Recovery	
Youth Leisure Education	Through DOH	Through FOH	
Adults Leisure Education	Through DOH	Through FOH	

NOTE: Fees established through the Recreation Cost Recovery and Pricing Policy shall be collected at the time of course registration, with certain exceptions. Prior to completion of a course, patrons may withdraw from a course and receive a refund. Refunds may be returned immediately or left on account with the Recreation Division for two years. After two years, all credits left on account by patrons that have not participated in Division activities for two years or more are donated to the Recreation Fee Assistance Program.

* Does not include special non-general fund revenues or expenses from grants, trust, etc.

IV. SCHOOL DISTRICT FEES

Fees shall be applied to the district and affiliated organizations (eg. PTA, Boosters, Foundation) as follows:

A. SAN MATEO HIGH SCHOOL DISTRICT

Unless otherwise specified in an adopted facility use agreement, indoor, swimming pool and athletic facility fees shall be calculated administratively to be comparable to the SMUHSD fee schedule as it pertains to City use of similar SMUHSD facilities.

Picnic and special park facility fees, and staffing fees charged to SMUHSD shall be at the rates described in other sections of the fee schedule.

B. SAN MATEO FOSTER CITY SCHOOL DISTRICT (SMFCSD)

FACILITY PERMIT CLASSIFICATION DEFINITIONS

Classification A:

Public recreation activities that are co-sponsored by or affiliated with the Recreation Department after meeting department qualifications and requirements.

Classification B:

Recreation activities and meetings that are organized, promoted, conducted, and sponsored by registered non-profits (IRS registered non-profit or established and organized not-for-profit groups with written organization documents, stationary, and/or membership lists) serving residents of the City of San Mateo and whose membership is open to the general public.

Classification B-1:

Any activities which are related to the business or mission of the organization.

Classification B-2:

Any activities scheduled during "Prime Time," defined as any booking beginning 3 p.m. or later, or ending 6 p.m. or later on Saturdays and Sundays.

Classification B-3:

B-1 groups reserving regular monthly meeting times.

Classification B-4:

B-1 groups participating in in-kind volunteer service fee waiver program.

Classification E:

Any recreation, social, business, or service activity conducted by any person or group not included within Classifications A or B and are residents or businesses of the City of San Mateo, such as parties and receptions.

E-1: E classification use during specifically designated public facility hours.

E-2: E classification use during non-public facility hours.

Non-Resident:

Recreation activities, social, business, or service, meetings, and private groups in which one-half of its current membership are not residents of the City of San Mateo or in the case of private groups, such as receptions at parties, the applicant (or business) is not a City resident.

NR-1: NR use during specifically designated public facility hours.

NR-2: NR use during non-public facility hours.

Athletics Field Priorities

Priority 1:

Programs and activities conducted or sponsored by the City of San Mateo. This includes the San Mateo Police Activities League program(s).

Priority 2:

Programs conducted by Elementary Schools (K-8) within the City of San Mateo. Also programs conducted by organizations that limit their recruitment and sign-ups to individuals living within the San Mateo City limits and are recreational in nature having a "everyone plays; no child is turned away" philosophy. Residency requirement for Priority 2 consideration is a minimum of 90%

Priority 3:

Programs conducted by private high schools within the City of San Mateo. Also, programs conducted by organizations in which participants must "tryout" or be selected based on skill level. Organizations may be "select" in that participants may be recruited from cities other than San Mateo. Residency requirement for Priority 3 consideration is a minimum of 50%. Residency verification may be required.

Priority 4:

Programs conducted by organizations in which participants must "tryout" or be selected based on skill level. Organizations may be "select" in that participants may be recruited from cities other than San Mateo. Residency requirement for Priority 4 consideration is a minimum of 25% residency. Residency verification may be required.

Priority 5:

- A. Adult resident sports groups or teams.
- B. Resident private rentals.

Priority 6:

Youth or Adult non-resident groups, teams, or individuals. Nonresident is defined as having an organization address outside of the San Mateo City limits and/or having less than 25% residency.

D. 1:	Police Vehicle Abatement Officer	Per Hour	\$65.27

Police Department Footnotes:

¹ Plus prevailing State, Federal and County Fees for fingerprinting of applicants that are at the following costs:

DOJ Prevailing Fee	\$32.00
FBI Prevailing Fee	\$17.00
County Prevailing Fee	\$5.00
	\$54.00

 $^{^2}$ The fee will include up to two re-inspections at no additional cost. Additional inspections will be billed at 50% of the original cost.

³ In the event the Police Department must augment staffing of an outside detail with personnel from an allied agency, the outside detail rate charged shall be commensurate to the actual rate which is charged by that agency, which may be higher/lower than the rate listed.

⁴ The rates charged for Outside Detail may be updated during the Fiscal Year to reflect negotiated salary increases and ensure full cost recovery.

(Note II.F.)		
G. OUTDOOR RESTAURANT SEATING & MERCHANDISE DISPLAY (Note II.G.)	Each	\$371.00

NOTES:

II. ENCROACHMENT PERMITS

All encroachment permits required as a result of any request for service, including conditions applied to Planning items (variances, site plan & architectural reviews, planned community developments, and others) shall be charged all appropriate fees as shown above.

Note: There will be no fee for encroachment permits to repair sidewalk tripping hazards as determined by City inspection staff. A traffic control plan is required for all work as specified in the Encroachment Permit Application packet.

In order to obtain an encroachment permit, a standard Encroachment Permit Application must be filled out by the owner of the property or the contractor performing the work. In addition to the required fee and application, all aspects of Chapter 17 of the San Mateo Municipal Code must be adhered to. The applicant must post financial security equal to the value of the improvements to secure performance. Labor and materials must also be secured at one-half the value of the improvements. Current standard insurance must be on file with the City. Insurance requirements include public liability and property damage insurance, naming the City as an additional insured. Evidence of insurance may include a certificate and/or endorsement.

A. New Installation Permit

Any improvements not included elsewhere in this section shall be charged the minimum fee shown above. If a project account has been funded by the applicant, his representative or a developer responsible for the construction of the project, will be charged the minimum fee. A portion of the fee will be used to fund the Stormwater Pollution Prevention Program (STOPPP) in accordance with Chapter 7.39 of the San Mateo Municipal Code. The fee and deposit are waived for City projects.

1. Permanent - City Right-of-Way Review Fee

Request to place or replace structures such as fences, retaining walls, pilasters, stairs, etc. in the public right-of-way (ROW) when an exception is made by the Director of Public Works or designee for such structure. This fee will cover field visit to the site, engineering review of the existing or proposed structure, and administrative time to prepare a license agreement.

B. Temporary Permit

- 1. Dumpsters: A standard encroachment permit, including necessary insurance, will be required for the placement of a dumpster in the public right-of-way.
- 2. Scaffolding, soil tests, sewer video inspections, etc.: An encroachment permit may be issued upon completion of an encroachment permit application and proof of current standard insurance on file with the City. A fee and security deposit must be posted to insure removal of the temporary encroachment and cover any repair costs due to damage that may occur.
- 3. Temporary Storage Container/Pod: A standard encroachment permit, including general liability insurance, will be required for the placement of a temporary storage container or portable on-demand storage (Pod) in the public right-of-way. Approved permit renewals will be charged at a rate of \$10 per container per day.

C. Dock Permit

- 1. New Installation and Repair or Replacement
 - The Applicant shall pay a fee and a minimum deposit to cover department reviews and inspections. Any funds remaining in the account will be refunded after project completion.
- 2. Annual Fee: Dock owners shall pay an annual fee to cover the costs of program administration and periodic inspections.

D Utility Permit

- 1. Utility companies shall pay a permit processing fee of \$385.19. For each job in the City right-of-way, the utility company shall obtain an encroachment permit, pay a utility encroachment permit fee of \$192.09 and provide the City with current standard insurance. A portion of the base fee will be used to fund the Stormwater Pollution Prevention Program (STOPPP). Utility encroachment permits shall be obtained prior to any utility work in the City right-of-way.
- 2. Utility projects considered large, shall place a minimum deposit for review and inspection in a project account. Any funds remaining in the account will be refunded after project completion. Projects considered large are as follows: 100 linear feet or more of trenching, projects requiring traffic or pedestrian detours on collector and/or arterials roadways, and as determined by the Director of Public Works or designee.
- 3. Utility company permit fees will be waived if the utility relocation work is the result of a City project. Public Utility Commission Rule 20-A projects will also result in waiver of encroachment permit fees.

E. Investigation Fees

- Work without an encroachment permit will result in an investigation fee. Whenever any work, for which an encroachment permit is required by the San Mateo
 Municipal Code, has commenced without first obtaining said permit, a special investigation shall be completed. An investigation fee shall be charged and paid
 whether or not a permit is subsequently issued. The fee must however be paid and the required standard insurance obtained before a permit may be issued for
 such work.
- 2. The investigation fee shall be equal to the amount of the encroachment permit fee as shown on the City of San Mateo Public Works Fee Schedule. The payment of such investigation fee shall not exempt any person from compliance with all provisions of the San Mateo Municipal Code, nor from any penalty prescribed by law
- F. Encroachment Permit Work in Conjunction with Site Development Permit
 - When work that requires an encroachment permit is done in conjunction with a Site Development Permit or Project Account, the encroachment permit fee will be
 the same as a New Installation. The total deposit will then cover fees for required engineering and inspection services by the City related to the encroachment
 and site development permits. The engineering and inspection fees for both the encroachment permit and the site development permit will be charged at the
 current hourly rate.
 - 2. The fees charged plus the required deposit must be paid and standard insurance must be on file prior to issuance of any encroachment permit. The deposit will be held in a project account and any balance remaining after completion of the project will be refunded. Charges in excess of the deposit will be billed and must be paid before sign-off by the City that the work related to encroachment and site development permit is complete.

G. Outdoor Restaurant Seating & Merchandise Display

Request to place outdoor restaurant seating and/or merchandise display in the public right-of-way. Installations must provide ADA access and minimum pedestrian travel way of three (3) feet.

DESCRIPTION OF SERVICES	UNIT	FEE
III. STORMWATER POLLUTION PREVENTION CONSTRUCTION PERMITS

PLUS		
(See Stormwater Pollution Prevention Construction Permit Notes)		
B. EROSION CONTROL MINIMUM COMPLIANCE	Minimum Deposit	\$381.00
Type III and IV Projects - Refundable Deposit		
(See Stormwater Pollution Prevention Construction Permit Notes)		

NOTES:

III. STORMWATER POLLUTION PREVENTION CONSTRUCTION PERMITS

In order to obtain a Stormwater Pollution Prevention Program (STOPPP) Construction permit per the San Mateo Municipal Code Chapter 7.39, an applicant (i.e., property owner or contractor performing the work) must pay the appropriate permit fee. Type I Projects are not required to pay the Stormwater Pollution Prevention Program Construction Permit fee, but are still required to comply with Construction Best Management Practices (BMP) as outlined in the permit card. Storm drain polluters may be liable for fines up to \$10,000 per day. A permittee under the STOPPP Construction permit is required to adhere to all aspects of Chapter 7.39 of the San Mateo Municipal Code. If the work being done involves an encroachment permit, a separate STOPPP permit is not required since the encroachment permit includes it.

Type I Projects

Type I Projects are small projects not in the public right-of-way that are generally under 20 cubic yards of soil disturbance (i.e. most residential driveways). If the work being done involves an encroachment permit, a separate STOPPP permit is not required since the encroachment permit includes it.

Type II Projects

Type II Projects are medium projects generally over 20 cubic yards of soil disturbance, such as installation/removal of swimming pools, demolition/installation of garages, home additions, retaining walls, and decks, that do not require a planning application and are reviewed through the building permit process (excluding residential driveways not in the public right-of-way). The fee for this type of project is listed above. No deposit is required.

Type III Projects

Type III Projects are medium sized projects over 20 cubic yards of soil disturbance, such as home additions, new single family homes, that require a planning application. The fee for a Type III Project is listed above. Type III projects require a minimum refundable deposit for erosion control plan compliance. The minimum deposit is required at plan submittal to guarantee to the City that the permitted will comply with the terms and conditions of the permit. At the time of permit issuance, additional funds may be required to be added to the deposit if the deposit balance is less than estimated inspection fees, as determined by the City. Any portion not expended by the City in its engineering review and inspection is refundable. Time billed at \$130.00 per hour. Expenses not covered by the deposit will be billed monthly. Bills to be paid in accordance with regular City billing processes. Account must be paid in full prior to final sign-off of conditions. The deposit will be refunded if permittee has met all requirement in the erosion plan and the City has not been required to perform work on permitee's behalf.

Type IV Projects

Type IV Projects are large sized projects, 1 acre or greater. Type IV Projects require a General Permit issued by the State Water Resources Control Board in addition to the City's STOPPP Construction Permit. The STOPPP Construction Permit fee is listed above. Type IV projects required a minimum refundable deposit for erosion control plan compliance. The minimum deposit is required at plan submittal for additional plan checking and inspection. At the time of permit issuance, additional funds may be required to be added to the deposit if the deposit balance is less than estimated inspection fees, as determined by the City. Any portion not expended by the City in its engineering review and inspection is refundable. Time billed at \$130.00 per hour. Expenses not covered by the deposit will be billed monthly. Bills to be paid in accordance with regular City billing processes. Account must be paid in full prior to final sign-off of conditions. The deposit will be refunded if permittee has complied with the submitted erosion plan and the City has not been required to perform work on permitee's behalf.

DESCRIPTION OF SERVICES	UNIT	FEE
IV. SITE DEVELOPMENT PERMITS (See SMMC 23.40)		
A. PROCESSING FEE - non-refundable	Each	\$40.00
PLUS		
B. ENGINEERING/INSPECTION FEE (deposits) * *	Minimum Deposit	\$2,500.00
185 - 1,000 cubic yards	Deposit	\$2,500.00
	+ Each Add'l Cubic	\$4.00
	Yard Over 185	
1,001 - 10,000 cubic yards	Deposit	\$5,700.00
	+ Each Add'l Cubic	\$0.30
	Yard Over 1,000	
over 10,000 cubic yards	Deposit	\$8,400.00
	+ Each Add'l Cubic	\$0.25
	Yard Over 10,000	

The minimum deposits listed are required at plan submittal for plan checking and inspection. At the time of permit issuance, additional funds may be required to be added to the deposit if the deposit balance is less than estimated inspection fees, as determined by the City. Any portion not expended by the City in its engineering review and inspection is refundable. Time will be billed at \$130 per hour. Expenses not covered by the deposit will be billed monthly. Bills to be paid in accordance with regular City billing processes. Account must be paid in full prior to final sign-off of conditions.

with regular City billing processes. Account must be paid in full prior to final sign-off of conditions.

A. RESIDENTIAL		
Single-family dwelling	Per Connection	\$2,680.00
2. Multi-family dwelling		
a. Studio, & 1 bedroom	Per Dwelling Unit	\$1,340.00
b. 2 bedroom	Per Dwelling Unit	\$2,013.00
c. 3 bedroom	Per Dwelling Unit	\$2,680.00
3. Hotels or motels	Per Room/Apt	\$1,340.00
4. Board or lodging houses	Per Bedroom	\$1,340.00
B. NON-RESIDENTIAL		
1. Churches	Per Connection	\$2,680.00
2. Golf courses	Per Connection	\$2,680.00
3. Hospitals	Per Fixture Unit	\$131.00
4. Lodges and clubs	Per Fixture Unit	\$131.00
5. Rest, residential care & convalescent homes	Per Fixture Unit	\$131.00
6. Schools	Per Fixture Unit	\$131.00
C. COMMERCIAL AND INDUSTRIAL	Per Fixture Unit	\$131.00
NOTES:		

VII. SEWER CONNECTION CHARGE (Collected by Bldg. Div. w/building permit)

- 1. The assessment of the sewer connection charge is based on the Uniform Plumbing Code in conjunction with the plumbing fixtures identified on the City's sewer connection charge worksheet. The City charges a minimum connection charge for Residential, Churches and Golf Courses. This minimum charge is based on an average number of fixture units per dwelling unit or entity.
- 2. Non-Residential hospitals, lodges and clubs, rest, residential care, convalescent homes, and schools are charged at the per fixture unit rate identified on the City's sewer connection charge worksheet.
- 3. Commercial and Industrial users are also charged at the per fixture unit rate identified on the City's sewer connection charge worksheet. If the commercial or industrial user is constructing a new building the minimum charge is assessed at the time a building permit is issued. The charge is based on the number of fixture units as determined based on the Uniform Plumbing Code and the City worksheet. If tenant improvements occur after the initial charge is assessed and paid, the sewer connection charge at that point will depend on how many fixture units were actually installed as part of the new building permit. New fixture units will be charged at the per fixture rate identified on the City's sewer connection charge worksheet.
- 4. In the case of Commercial and Industrial users, where the building has been previously occupied and the interior is being demolished or remodeled, the sewer connection charge will be computed as follows:
 - a. The demolition plans will be used to determine the number of existing fixture units.
 - b. The new plans will be used to determine the number of fixture units in excess of those shown on the demolition plans.
 - c. The remodeled or new structure will only be assessed a charge for fixture units in excess of those existing, based on the per fixture units identified on the City's sewer connection charge worksheet.

DESCRIPTION OF SERVICES	UNIT	FEE
VIII. ENVIRONMENTAL COMPLIANCE FEES		
A. CLASS A WASTE DISCHARGE PERMIT ANNUAL FEE	Each	\$504.49
B. CLASS B WASTE DISCHARGE PERMIT ANNUAL FEE	Each	\$348.80
C. STORMWATER MANAGEMENT PERMIT ANNUAL FEE	Each	\$263.87
D. POLLUTION PREVENTION INSPECTION FEE	Per Hour	\$147.61
E. INSPECTION/INVESTIGATION FEE	Per Hour	\$131.43
	Per Hour OT	\$197.15

LITIGATION PROCEEDINGS		

NOTES:

VIII. ENVIRONMENTAL COMPLIANCE FEES

The following fees are intended to help recover the cost of implementation and enforcement of SMMC Chapter 7.38

- A. Class A Discharge Permit. A Class A permit shall be issued to all significant industrial users (SIU). Class A permit holders are regulated in accordance with the requirements specified in the pretreatment regulations, 40 CFR Part 403 and 40 CFR Chapter I, Subchapter N, Parts 405-471, as amended, and this Chapter. (7.38.260) Cost based on 4 hours admin and inspection time per year at standard labor rate.
- B. Class B Discharge Permit. A Class B permit shall be issued, at the discretion of the Director, to any user who is not a significant industrial user, yet requires periodic inspection and/or monitoring to verify compliance with this Chapter. A Class B permit may be required for discharge of industrial waste from stationary sources, trucked wastes, contaminated groundwater, and other industrial wastes approved by the Director for discharge to the sanitary sewer. (7.38.260). Cost based on 1.5 hours admin and inspection time per year at standard labor rate.
- C. Stormwater Management Permit. A property that is required to install, operate, and maintain stormwater treatment facilities, or maintain parking lots, storm drain inlets, or other facilities for stormwater pollution prevention as specified in project conditions, shall obtain a Stormwater Management (SWM) permit from the Director of Public Works. (7.39.235). Cost based on 2 hours admin and inspection time per year at standard labor rate.
- D. Pollution Prevention Inspection Fee. The Director is authorized to conduct all inspection, surveillance, and monitoring procedures necessary to assure compliance with this Chapter. The Director may enter without unreasonable delay, during facility hours of operation, any premises of any user in which a potential pollutant discharge source exists or in which facility discharge and materials and waste records are kept. Records shall be made available to the Director for inspection and copying. Reasonable times for inspection and sampling may include times that are unannounced. (7.38.350, 7.39.140) Cost based on 0.5- hour admin and inspection time per year at standard labor rate.
- E. Inspection/Investigation Fee. Applies to inspection and investigation activities not covered in D. or K. Cost based on standard labor rate.
- F. Sampling Fee. The Director shall have the right to establish on any property such devices as are necessary to conduct sampling or metering operations. During all inspections as provided herein, the official may take any samples deemed necessary to aid in the pursuit of the inquiry or in the recording of activities on the site. (7.38.350, 7.39.140). Cost based standard labor rate.
- G. Analytical Services Fee. Cost based in service provider cost of service.
- H. Hydraulic Loading Charge. The Director may impose upon the user a hydraulic loading charge for discharge of groundwater or other waters in cases where conventional sewer service charges applied by the City or District do not account for said flows or uses. User discharges which exceed 10,000 gallons per batch discharge or users undertaking long term discharges of groundwater to the sanitary sewer shall be metered and levied a hydraulic loading charge based upon the basic sewer service charge rate. (7.38.260)
- I. Deficiency Resulting in "Significant Noncompliance". At least annually, the Director shall provide public notice in the largest local daily newspaper a list of those significant industrial users that, during the previous twelve (12) months, were found in significant noncompliance, as defined in the pretreatment regulations and this Chapter. (7.38.420). Cost based on administrative time and cost of publication for 3 days in San Mateo County Times.
- J. Failure to Conduct Self-monitoring. The Director may require that the user conduct a sampling and analysis program of the user's waste or stormwater discharge of a frequency and type required by the Director to demonstrate compliance with the requirements of this Chapter. (7.38.360, 7.39.160).
- K. Failure to Comply with Official Notice to Correct Violation. When an authorized enforcement official finds that a user has violated or is violating this Chapter, or a permit or order issued hereunder, the official may serve upon said user a Notice of Violation which enumerates the violations found, and orders compliance by a date certain. (7.38.460, 7.39.270); any condition caused or permitted to exist in violation of any of the provisions of this Chapter is a threat to the public health, safety and welfare, and is declared and deemed a nuisance. (7.38.470, 7.39.280)
- L. Environmental Cleanup/Abatement of Public Nuisance. City may impose a charge upon the user to reimburse the City or District for the cost of cleaning and/or repair of City facilities, including mitigation of waste discharge to the storm drainage system; any condition caused or permitted to exist in violation of any of the provisions of this Chapter is a threat to the public health, safety and welfare, and is declared and deemed a nuisance., and may be summarily abated and/or restored by the City. The cost of such abatement and restoration shall be borne by the owner of the property. (7.38.180, 7.38.470, 7.39.280).
- M. Appeal of Decision to Issue Permit, Levy fees, or Finding of Noncompliance. Any person affected by any decision, action or determination, including administrative remedies, made in interpreting or implementing the provisions of this Chapter may appeal therefrom to the City of San Mateo Public Works Commission. (7.39.200). Fee is refunded if appellant prevails.
- N. Violations Requiring Inspection Warrant or Commencement of Civil Litigation Proceedings. In the event that the user refuses the Director entry to the premises, inspection may be made only upon the issuance of a search warrant by a duly authorized magistrate. In the event that the user refuses entry after the request has been made, the Director is hereby empowered to seek assistance from the court in obtaining such entry; Any person who has violated or continues to violate the provisions of this Chapter or any order or permit issued hereunder, shall be subject to the imposition of civil penalties pursuant to Chapter 1.11 of this Code. (7.38.350, 7.39.140, 7.38.410, 7.39.200, 7.38.480, 7.39.290)

DESCRIPTION OF SERVICES	UNIT	FEE
IX. DEVELOPMENT IMPACT FEES (subject to annual review)		
A. WWTP PHASE II EXPANSION FEE	Gallon/ADF	\$2.34
Developer Impact Fee to pay for the increase of 1.5 Million Gallons a Day of treatment capacity for		
biological demand and solids in the Waste Water Treatment Plant. This increase is needed to		
accommodate the loading from future development and connections.		
B. TRANSPORTATION IMPROVEMENT FEE		
1. Residential		
a. Single-family	Per Dwelling Unit	\$5,003.76

SPECIAL COMMUNITY EVENTS PERMIT

SPECIAL EVENT APPLICATION FEES

- 1. No Fee-For events open to the general public, sponsored by a non-profit organization that are not for fundraising purposes, where no registration or admission fee is charged, no donations or contributions are solicited or where no money exchanges hands.
- 2. \$100 For Low Impact events sponsored by a non-profit. A low impact event means any event other than a high impact event.
- 3. \$230 For High Impact events sponsored by non-profits. A high impact event means a special event meeting two or more of the following criteria: 1) Being held for the first time; 2) expected to draw more than 500 participants; 3) held on a recurring basis; 4) requiring the support of 2 or more city departments; 5) following a route with a different start and finish; 6) requiring a street closure; or 7) requiring interagency coordination.
- 4. \$500 For Low Impact events sponsored by a commercial or for profit business. A low impact event means any event other than a high impact event.
- 5. \$1,000 For High Impact events sponsored by a commercial or for profit business. See above for definition of a High Impact event.

SPECIAL EVENT FEES FOR SERVICE

Depending on the nature of the special event, applicable fees may include some or all of the following:

- 1. Overtime rates for personnel not regularly on duty who are required to work the event
- 2. Fair market value charges for utilization of City equipment and/or vehicles used in support of the event
- 3. Regular rates for personnel who may be required to prepare specialized logistic plans in support of the event
- 4. Actual costs for consumable supplies, e.g. parking meter signs, garbage bags, etc., used in support of the event
- 5. Actual cost for specialized services contracted by the City that are required to support the event

COMMERCIAL FILMING FEES

Filming fees shall apply to commercial businesses desiring to film on public streets, right of ways or within city owned facilities, including parks, civic facilities and buildings or special use areas, such as Poplar Creek Golf Course. Prior to the granting of a permit, all businesses shall comply with all applicable policies and procedures, including, but not limited to, evidence of insurance, permits and licenses, and appropriate hold harmless language.

FEE CATEGORY	UNIT	FEE
I. USE FEES -		
PUBLIC STREETS AND RIGHT OF WAYS		
Daily Use Fees:	Per Day	\$100.00
Videos/Travel/Documentary/Still Photography/Industrial Commercials	Per Day	\$200.00
Television Series/Movies/Pilot and Feature Films	Per Day	\$300.00
CIVIC FACILITIES, PARKS, SPECIAL USE AREAS (for all uses)	Per Hour	\$50.00

II. SUPPORT SERVICES FEES

Any filming use that requires any of the following, shall be billed in accordance with the guidelines outlined within the Special Community Events Permit Fee section, Category C designation; i.e. for-profit businesses or non-tax exempt organizations:

Fees for use of City equipment, consumable supplies, preparation of specialized logistic plans, specialized contracted services and on-duty personnel will be billed at cost, plus a 25% administrative overhead fee.

Fees for use of overtime personnel shall be calculated at the top step prevailing overtime rate for the classification(s) utilized plus a 25% administrative III. DEPOSIT

All businesses shall submit a refundable deposit in the amount of \$1,000.00 at the time fees are due and payable to cover any unanticipated support services fees, property damage repair, etc.

Chapter 3.64 FFFS

Sections:

3.64.010 Fees.

3.64.020 Penalties & Interest

3.64.030 Fees for Code Enforcement

3.64.010 - FEES.

Prior to submittal of the annual budget, the City Manager shall submit to the City Council the fees proposed for the next fiscal year. The prior year's fees shall continue if the City Manager does not submit new proposed fees. If the proposed fees do not represent a percentage increase exceeding the percentage increase for the preceding twelve (12) month period as shown by the San Francisco Bay Area Consumer Price Index of the Bureau of Labor Statistics, United States Department of Labor, under the heading All Items, or any index substituted by the Department of Labor therefor, the proposed fees shall become effective on the following July 1, unless a different date is set forth in the submission, provided however that the Council may amend the fees before the effective date. If the proposed fees represent a percentage increase exceeding the percentage increase in the Consumer Price Index, they must be approved by the Council before becoming effective. Notwithstanding the above, the Council may amend any fee at any time. (Ord. 1994-12 § 1, 1994; Ord. 1989-8 § 1, 1989; Ord. 1986-26 § 1, 1986).

3.64.020 - PENALTIES AND INTEREST.

Any fee imposed by this chapter shall be due and payable within thirty days after the bill is mailed by the City. The fees shall be delinquent if not paid within said thirty days. Any person who fails to remit any fee within the time required shall pay a penalty of ten percent of the amount due, per month to a maximum of three months, plus interest at the rate of 1-1/2 percent per month, or fraction thereof, computed from the delinquent date of the fee until and including the date of payment. (Ord. 1989-8 § 1, 1989).

3.64.030 - FEES FOR CODE ENFORCEMENT.

- (a) Nuisances. The Council is authorized to adopt fees for administrative costs incurred in the enforcement of Title 7. No fee shall be charged if a property owner or agent abates the nuisance or violation within thirty (30) days after first notification of the violation is mailed by the City.
- (b) Other Violations. The City shall be authorized to adopt fees for costs incurred in the enforcement of Municipal Code violations which result in a requirement for a planning application or building permit, if such application is made or permit applied for more than thirty days after notification of the violation is mailed. (Ord. 1990-5 § 4, 1990; Ord. 1989-8 § 1, 1989).
