## Where is your business located?

Answered: 37    Skipped: 0

## What category best represents your business? Choose one.

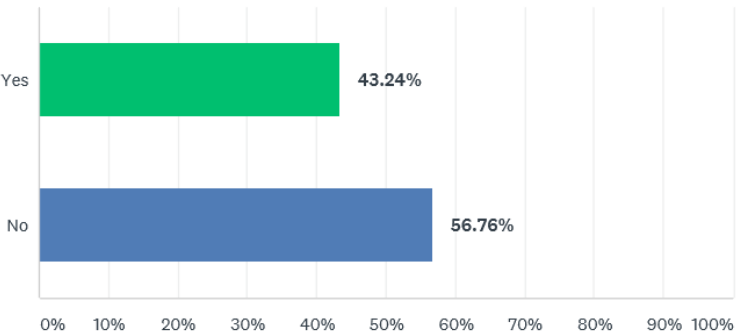

Answered: 37    Skipped: 0

## All Respondents Graphs

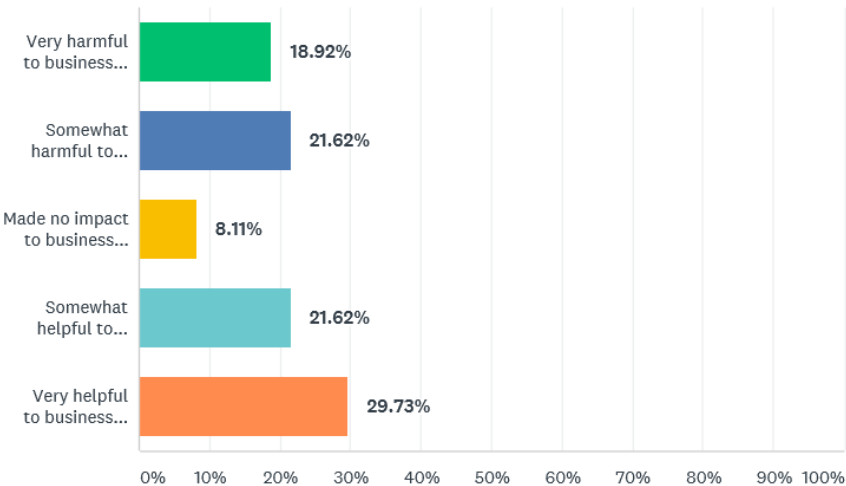

Are you currently using the pilot street closures for outdoor operations by your business?

Answered: 37   Skipped: 0

Has the current street closure been harmful or helpful to your business operations?

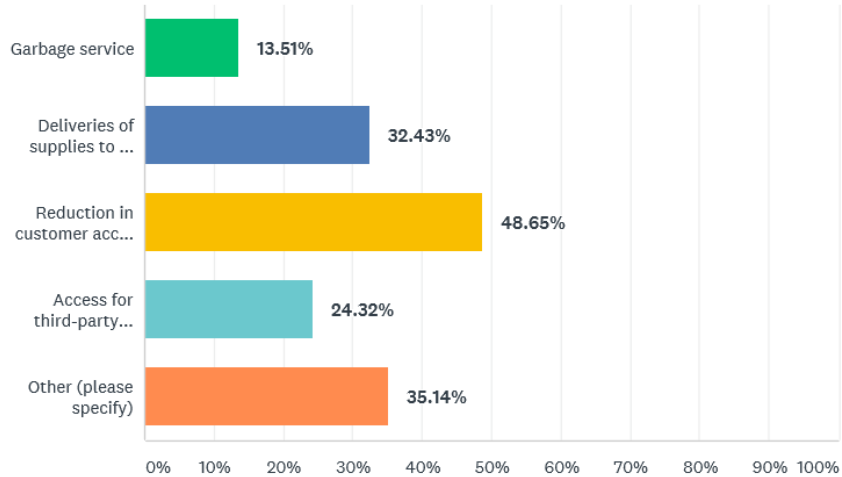

Answered: 37   Skipped: 0

## All Respondents Graphs

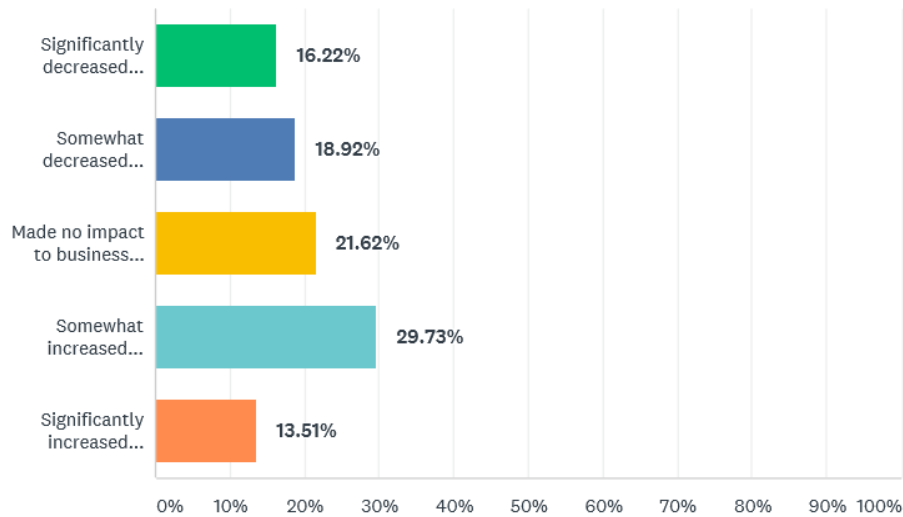

Which of the following operational areas of your business (if any) have been negatively impacted by the street closure (check all that apply)

Answered: 37 Skipped: 0

Has the current street closure decreased or increased your business revenues?

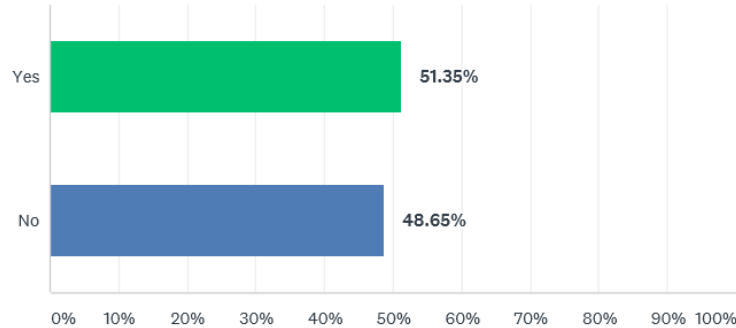

Answered: 37 Skipped: 0

## All Respondents Graphs

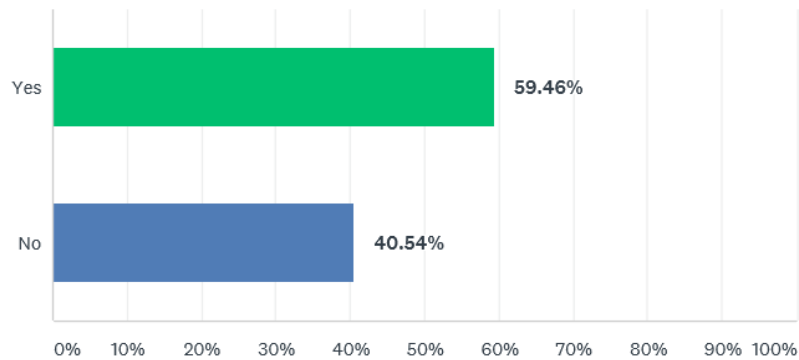

If the street is closed after the pandemic is over, would you use the closed street to serve your customers by hosting dining, outdoor retailing, or other outside business operations?

Answered: 37 Skipped: 0

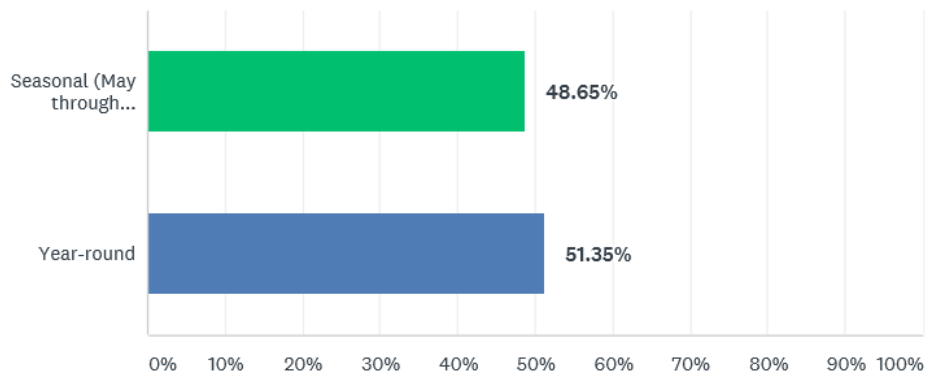

Do you support an on-going street closure on your block?

Answered: 37 Skipped: 0

Would you prefer that a street closure be seasonal or year-round?

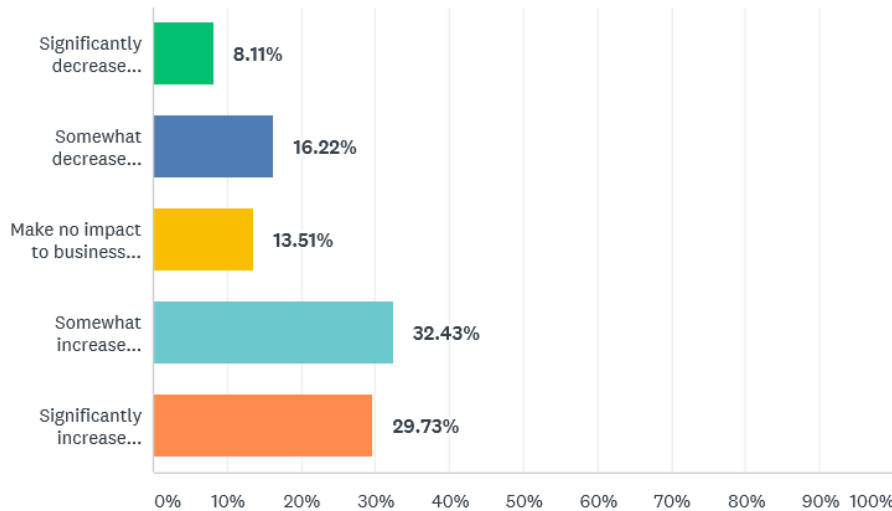

Answered: 37 Skipped: 0

## All Respondents Graphs

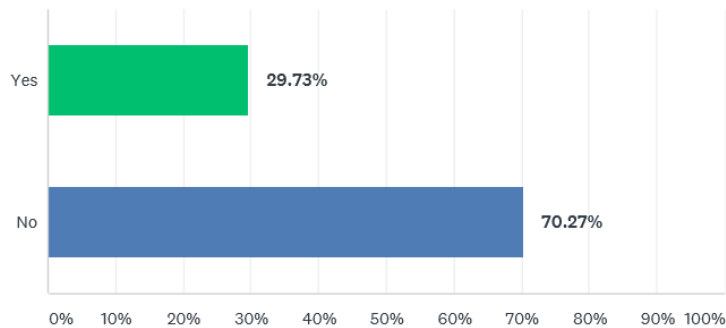

Do you believe festivals or events held by the City on the block of your business would increase or decrease your business revenues?

Answered: 37 Skipped: 0

In order to host events, the City would need to use the full street width on occasion. As a result, permanent constructed features such as parklet platforms, tents, and fences may not be allowed on closed street segments although they have been allowed during the pandemic. Removable items, like tables, chairs, and umbrellas would continue be allowed. Does this change your support for a street closure?

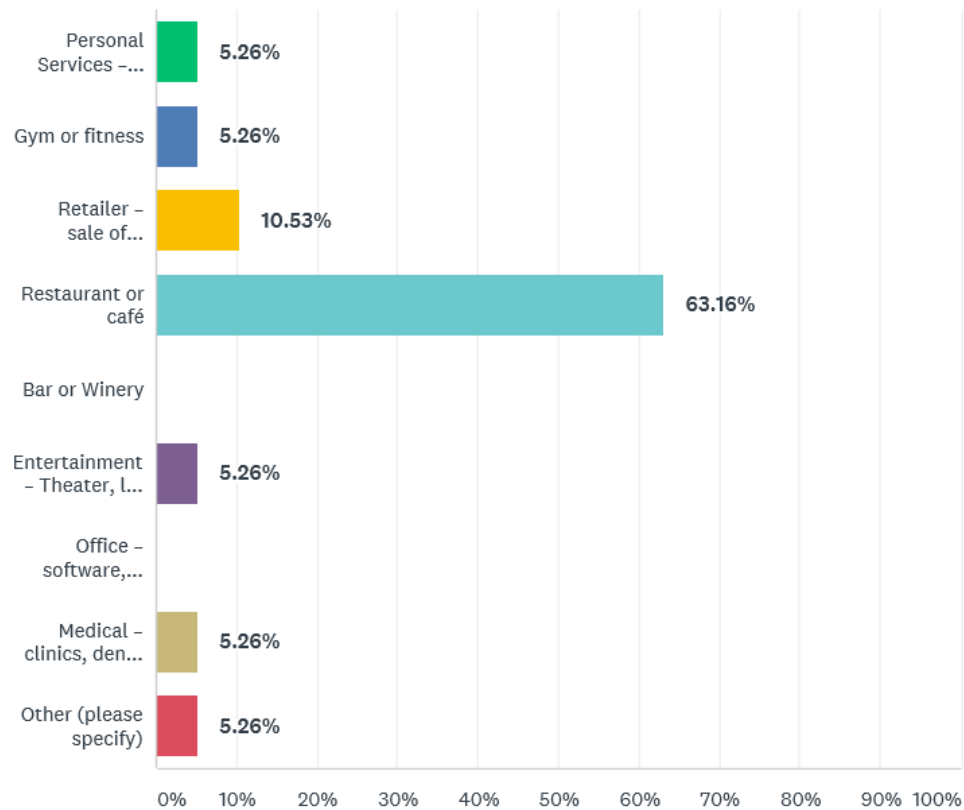

Answered: 37 Skipped: 0
