**To:** Sustainability & Infrastructure Commission  
**Subject:** Transit Oriented Development - pedestrian access plan for three train stations

Regarding the ongoing project for TOD – pedestrian access plan.

I listened to the presentation but was unable to join for comments:

As this involves bike/ped I would ask that SVBC: san mateo be added as a stakeholder. We have about 50 local members, and growing. Svbc has bout 10,000 in the bay area. We live and breathe this and would like to play a role.
