Date: Sunday, May 1, 2022 7:01:51 AM

Hello

I am a property owner at 962 laurel ave. I received the notice on this development

I would like to register my opposition to this project because it is shifting to office mixed use and the current improvement on that site is all residential.

As a property owner it will change the block and the Hayward park neighborhood. The removal of trees that are not sick is an issue for me too

I plan to attend the meeting remote

If there is a website to log my opposition or anything besides this email needed to record my objection please let me know

Warm Regards,

Jennifer schellenberg

Subject: PA19-045 1 Hayward Ave. SPAR + SDPA - Study Session?
Date: Sunday, May 1, 2022 12:10:10 PM

Dear Ms. Lao,

I received a public hearing notice regarding PA19-045 1 Hayward Ave. SPAR + SDPA project for May10. However during the neighborhood meeting **in Sep 2019 lots concerns were shared by neighbors and the Developer informed a Study Session will be the next step and neighbors will be invited.**

Can you please advise if the Study Session was hosted? If not, why is the project directly moved to the Public Hearing stage? Thank you.

Sincerely,
Ann Tin Ho
