WHEREAS, on the Pre-Application for the Zoning Reclassification and conceptual design of a development project; and

WHEREAS, in accordance with California Government Code Section 65090 and 65091, the Planning Commission held a public hearing on July 26, 2022 pursuant to the notice required by law for zoning reclassifications, at which time the Commission received and considered written and oral evidence, and rendered a 2-2-0 vote citing their reasons in support and opposition to the reclassification; and

WHEREAS, the applicant requested the item be scheduled for review by the City Council which is the final decision-making body for zoning reclassification requests;

NOW, THEREFORE, THE COUNCIL OF THE CITY OF SAN MATEO ORDAINS AS FOLLOWS:

### **Section 1. Legislative Findings.**

At a duly noticed public hearing on September 6, 2022, the City Council of the City of San Mateo reviewed and considered the staff report dated September 6, 2022, and attachments thereto, the Categorical Exemption, together with comments received during the public review process, and hereby finds and determines as follows:

(a) CONFORMANCE WITH GENERAL PLAN. The City Council finds and determines that the proposed zoning map amendment and zoning reclassification of the subject property is in conformance with the Downtown Retail Core land use designation of the General Plan of the City of San Mateo, because one of the main intents of the CBD (Central Business District) is to maintain downtown's commercial vitality and continuity within the retail core.

(b) CONFORMANCE WITH DOWNTOWN AREA PLAN. The City Council finds and determines that the proposed zoning map amendment and zoning reclassification is in conformance with 2009 Downtown Area Plan because the zoning standards for the CBD (Central Business District) includes development standards that were established to provide a good mix of ground floor retail uses that will contribute to foster retail vitality and downtown's pedestrian-oriented environment in the Downtown Retail Core sub-area.

(c) INTENT OF ZONING CODE. The zoning reclassification conforms to the purpose of Municipal Code Section 27.38.010(c) in that the reclassification ensures that the zoning code provisions regarding the required retail frontage area, as designated by the Downtown Plan, would apply to the subject property. Additionally, the reclassification provides standards for the use of properties designated as CBD District (Central Business District) that regulate and guide future development of the site.

(d) CONSISTENCY WITH STATE LAW. The City Council finds and determines that the proposed zoning map amendment and zoning reclassification of the property located at 31-57 South B Street from C1-2/R5 to CBD is consistent with Senate Bill 330 (Housing Crisis Act, Government Code Section 66300(b)(1)(A)) in that:

(1) the proposed change in zoning designation would not reduce the allowable building height, maximum allowable density, or floor area ratio (FAR) for residential developments; nor would it increase requirements for lot size requirements, setbacks, or other development standards that would reduce residential density;

(2) the proposed CBD zoning designation allows for a maximum residential density of 50 dwelling units per acre, which is the same maximum residential density allowed for properties in the C1-2/R5 zoning district; and

(3) therefore, there is no net loss in residential capacity.

## **Section 2. Zoning Map.**

The Zoning Map of the City of San Mateo is hereby amended to indicate as follows: the property generally known as 31-57 South B Street (APN: APN 034-154-030) as depicted in Exhibit A, attached hereto, shall be rezoned from C1-2/R5 to CBD, and the Zoning Map shall be amended to reflect this reclassification.

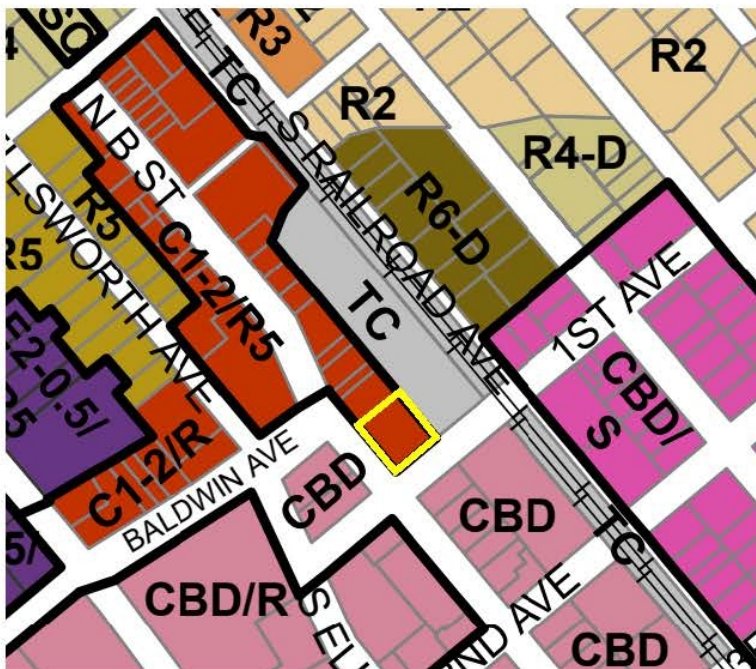

**Section 3. Environmental Determination.** In accordance with California Environmental Quality Act (CEQA) Guidelines, Class 5 Section 15305 (Minor Alterations in Land Use Limitations), adoption of this zoning reclassification to amend the City's zoning map is categorically exempt because the affected area has an average slope of less than 20 percent and the reclassification would not result in changes in land use or density. The subject property's General Plan land use designation of Downtown Retail Core, and maximum density of 50 units per acre would remain unchanged after the reclassification. The project is also separately and independently exempt under the "common sense" exemption, CEQA Section 15061(b)(3), because it can be seen with certainty that the adoption of the zoning reclassification does not involve the construction or alteration of facilities that will have a significant effect on the environment. The reclassification to CBD is consistent with the General Plan land use designation for the property. Furthermore, any future development of the site would be subject to a project specific environmental assessment consistent with the CEQA statutes and guidelines in effect at that time.

**Section 4. Severability.** In the event any section, clause or provision of this ordinance shall be determined invalid or unconstitutional, such section, clause or provision shall be deemed severable and all other sections or portions hereof shall remain in full force and effect.

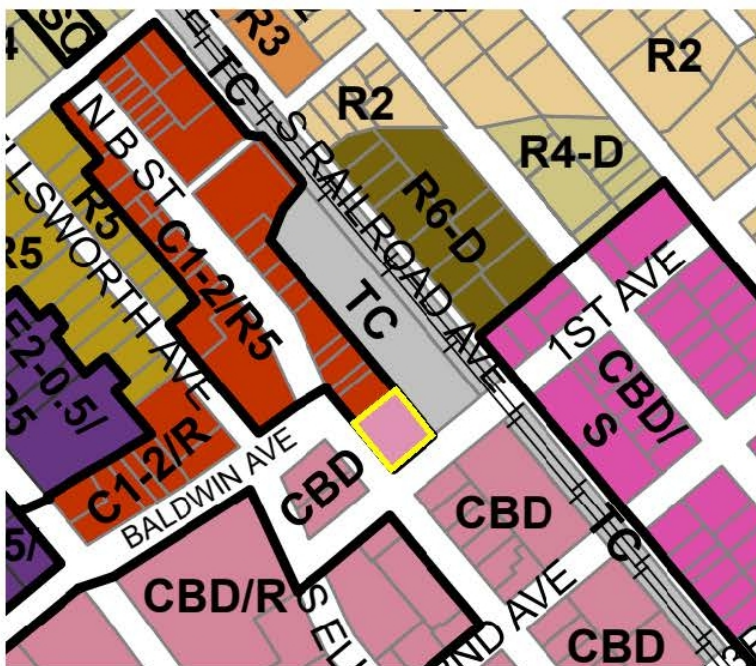

**Section 5. Publication.** This Ordinance shall be published in summary in a newspaper of general circulation, posted in the City Clerk's Office, and posted on the City's website, all in accord with Section 2.15 of the City Charter.

**Section 6. Legislative History and Effective Date.** This ordinance was introduced on Clerk to complete., and adopted on Clerk to complete., and shall be effective 30 days after its adoption.
