---

Jon – THANKS for the note. This is a perfect place for housing near transit.

Philip has left the City. The Planner on the project is Wendy Lao who is copied on this email.

Ken

**Subject:** Public comment: Hayward Park Project

Hi, I'd like to leave public comment regarding the [PA19-005 Hayward Park Project](#).

=====

We are still in the midst of a housing supply shortage, and this is a great location for additional apartments. It's right next to the train station, and there are plans for additional amenities nearby. However, given our climate and traffic goals, I do think it is likely overparked.

Thank you,

Jonathan New

## YES! We Support Homes at Hayward Park Station!

We support the *Hayward Park Station proposal* to transform the underused CalTrain parking lot into homes. This proposal creates 191 modern homes for families, including 28 affordable units, helping to address the critical need for housing in San Mateo County. The project site, adjacent to the Hayward Park Caltrain Station, will bring future residents closer to job centers and take cars off the roads, reducing traffic congestion and carbon emissions that contribute to climate change. The proposal creates a family-friendly, walkable neighborhood – close to grocery shopping, a public park and other services – and increases public safety with more eyes on the station. We support quality new homes!
