Subject: Agenda Item 13

Patrice

I hope you are well, at a number of campaign events there has been a number of concerns raised around the parking program, i.e. how many tickets are being issued, what happens with personal information (not sure if they utilize digital license plate readers or other technologies), what are we getting for the fee we pay. While the item is an amendment to the contract, it would be nice to have this as a separate agenda item and address community concerns.

Thanks,
Thomas
