PARKS AND RECREATION

RECREATION COST RECOVERY AND PRICING POLICY*

The following shall serve as the policy guidance for establishing a Recreation Activities Cost Recovery Plan, developing annual activity budgets, and establishing fees to be charged for recreation activities. The specific elements of this policy are that:

- The Park and Recreation Cost Recovery and Pricing Model shall be used.
- In recognition of the wide variety of service values and revenue generating potentials of various activities, specific cost recovery thresholds shall be established for each recreation activity area at the most specific programming level that is administratively practical.
- The thresholds shall include both minimum and target levels of cost recovery.
- Strategies for achieving the minimum and target thresholds shall be established by staff for each activity area. These strategies may include immediate or gradual action depending upon the best interests of maintaining a strong program, achieving the target within a reasonable time period and current fiscal conditions.
- Activity areas unable to meet their minimum threshold after these strategies have been applied shall be reviewed by the Park and Recreation Commission for consideration of recommending appropriate action: reduce costs; reduce cost recovery target; eliminate activity.
- Activities that have achieved or exceeded their target threshold shall be evaluated to determine if the target can/should be increased.
- The Cost Recovery Plan shall, where appropriate, also include specific other fee considerations (e.g. benchmarking to a specific competitor) that may supersede cost recovery target considerations.
- Once a Cost Recovery Plan is established, and within that context, staff shall have the authority to set and adjust fees, except that no fee increase shall exceed 20% within a 1-year period without the review of the Park and Recreation Commission and approval of the City Council.
- As part of the budgetary process, the Park and Recreation Commission shall review the Cost Recovery Plan and the performance of each activity compared to the plan and make any recommendations for changes to the plan.

PARKS AND RECREATION

Recreation Cost Tier Definitions

Direct: The specific “go-away” costs at the course or activity level. These include leaders, instructors and materials or services (e.g. transportation) specific to the course or activity.

Program Direct Overhead (DOH): Direct supervision of the program, and minor miscellaneous items such as supervisor mileage.

Facility Overhead (FOH): The combination of facility direct costs (the day-to-day costs to keep the building open- receptionist, custodial services, custodial products, utilities) and facility direct overhead (primarily facility supervision).

Operating Indirect Overhead (Op IOH): Division level and shared costs, such as departmental management, brochure, printing, photocopying, training, accounting support, technology, credit card discount costs, administrative office clerical support, computer, and recreation equipment sinking fund charges

Facility Indirect Overhead (Fac IOH): Calculated charges for the Public Works Building Maintenance for on-going maintenance and repairs (e.g. plumbing, electrical, mechanical, carpentry, painting).

PUBLIC WORKS

NOTES:

II. ENCROACHMENT PERMITS

In order to obtain an encroachment permit, an Encroachment Permit Application must be filled out by the owner of the property or the contractor performing the work. In addition to the required fee and application, all aspects of Chapter 17 of the San Mateo Municipal Code must be adhered to. The applicant must post financial security equal to the value of the improvements to secure performance. Labor and materials must also be secured at one-half the value of the improvements. Current standard insurance must be on file with the City. Insurance requirements include public liability and property damage insurance, naming the City as an additional insured. Evidence of insurance may include a certificate and/or endorsement. A portion of the fee will be used to fund the Stormwater Pollution Prevention Program (STOPPP) in accordance with Chapter 7.39 of the San Mateo Municipal Code. Fees are waived for City projects.

A. FLAT FEE ENCROACHMENT PERMITS

1. Residential Driveway / Sidewalk / Curb & Gutter

This fee will cover permit processing and inspections for encroachment permits related to driveways, sidewalks, and/or curb and gutters. Traffic control as part of this permit is included in the fee and no additional fees are required. The application shall include necessary insurance and security deposit. Time extension may be granted per the fee schedule.

2. Temporary Encroachment Permit (i.e. dumpsters, scaffolding, soil tests, sewer video inspections, etc.)

An encroachment permit, including necessary insurance and security deposits, will be required for the placement of temporary items, including dumpsters, scaffolding, equipment for soil tests, equipment for sewer video inspections, in the public right-of-way. The application shall include necessary insurance and security deposit. Time extension may be granted per the fee schedule.

3. Temporary Rental Storage Container (i.e. Pods)

An encroachment permit, including general liability insurance, will be required for the placement of temporary storage container or portable on-demand storage in the public right-of-way. Approved permit renewals will be charged at a rate of **\$10** per container per day.

4. Traffic Control

An encroachment permit, including necessary insurance and security deposits, will be required for traffic control, in the public right-of-way, that is not associated with another encroachment permit. Time extension may be granted per the fee schedule.

5. Sidewalk and Pedestrian Mall Outdoor Dining

An encroachment permit application, including necessary insurance and application fee, will be required for ground floor food service businesses to provide outdoor seating and related furnishings in the following areas if the applicant meets certain City standards and conditions of use: Commercial districts on the sidewalk (with the exception of along El Camino Real), Pedestrian mall on B Street between 1st and 3rd Avenue on the sidewalk and/or street. Applicant shall pay the renewal fee annually prior to permit expiration. The annual renewal occurs on July 1st of each year and late renewals will not be prorated.

6. Public Improvements Related to Planning Applications (PA)

When work that requires an encroachment permit is done in conjunction with a Planning Application (PA), a processing fee is required. The Project Account for the PA will cover the cost for engineering review and inspection services by the City related to the encroachment. The application shall include necessary insurance and security deposit. Time extension may be granted per the fee schedule.

7. Sewer Lateral

This fee will cover permit processing and inspections for encroachment permits related to sewer laterals. Traffic control as part of this permit is included in the fee and no additional fees are required. The application shall include necessary insurance and security deposit. Time extension may be granted per the fee schedule.

8. Time Extension

This fee will cover permit processing for time extensions of certain encroachment permits as noted. Changes to the scope of work is not covered by this fee.

9. Dock Permit

a. New Installation and Repair or Replacement

This fee will cover permit processing and inspections for encroachment permits related to the installation, repair or replacement of docks. The application shall include necessary insurance and security deposit.

b. Annual Fee

Dock owners shall pay an annual fee to cover the costs of program administration and periodic inspections.

10. Parklet

An encroachment permit application, including necessary insurance and application fees, will be required for parklet installations in most commercial areas. The permit application fee includes a one-time flat fee and a fee assessed based on the number of parking spaces the parklet will occupy (prorated). Applicant shall pay the annual fiscal renewal fee prior to permit expiration. The annual renewal occurs on July 1st of each year and late renewals will not be prorated.

B. ALL OTHER ENCROACHMENT PERMITS

Encroachment permits for work that is not listed under Flat Fee Encroachment Permits, shall pay a fee based on the construction cost of the work in the public right-of-way. This fee will cover permit processing and inspections for the encroachment. Applicants shall submit a construction cost estimate of work within the public right-of-way with their application, which will be subject to the review and approval by Public Works. The application shall include necessary insurance and security deposit. For utility companies, they shall be exempt from providing a security deposit, billing will be on a quarterly basis, and current insurance is required to be on file with the City.

NOTES:		
III. STORMWATER POLLUTION PREVENTION CONSTRUCTION PERMITS		
In order to obtain a Stormwater Pollution Prevention Program (STOPPP) Construction permit per the San Mateo Municipal Code Chapter 7.39, an applicant (i.e., property owner or contractor performing the work) must pay the appropriate permit fee. <u>Type I Projects are not required to pay the Stormwater Pollution Prevention Program Construction Permit fee, but are still required to comply with Construction Best Management Practices (BMP) as outlined in the permit card.</u> Storm drain polluters may be liable for fines up to \$10,000 per day. A permittee under the STOPPP Construction permit is required to adhere to all aspects of Chapter 7.39 of the San Mateo Municipal Code. If the work being done involves an encroachment permit, a separate STOPPP permit is not required since the encroachment permit includes it.		
<u>Type I Projects</u>		
Type I Projects are small projects not in the public right-of-way that are generally under 20 cubic yards of soil disturbance (i.e. most residential driveways). If the work being done involves an encroachment permit, a separate STOPPP permit is not required since the encroachment permit includes it.		
<u>Type II Projects</u>		
Type II Projects are medium projects generally over 20 cubic yards of soil disturbance, such as installation/removal of swimming pools, demolition/installation of garages, home additions, retaining walls, and decks, that do not require a planning application and are reviewed through the building permit process (excluding residential driveways not in the public right-of-way). The fee for this type of project is listed above. No deposit is required.		
<u>Type III Projects</u>		
Type III Projects are medium sized projects over 20 cubic yards of soil disturbance, such as home additions, new single family homes, that require a planning application. The fee for a Type III Project is listed above. Type III projects require a minimum refundable deposit for erosion control plan compliance. The minimum deposit is required at plan submittal to guarantee to the City that the permitted will comply with the terms and conditions of the permit. At the time of permit issuance, additional funds may be required to be added to the deposit if the deposit balance is less than estimated inspection fees, as determined by the City. Any portion not expended by the City in its engineering review and inspection is refundable. Time billed will be based on the actual cost of staff needed. The hourly wage can vary from \$65-\$155 per hour. Expenses not covered by the deposit will be billed monthly. Bills to be paid in accordance with regular City billing processes. Account must be paid in full prior to final sign-off of conditions. The deposit will be refunded if permittee has met all requirement in the erosion plan and the City has not been required to perform work on permittee's behalf.		
<u>Type IV Projects</u>		
Type IV Projects are large sized projects, 1 acre or greater. Type IV Projects require a General Permit issued by the State Water Resources Control Board in addition to the City's STOPPP Construction Permit. The STOPPP Construction Permit fee is listed above. Type IV projects required a minimum refundable deposit for erosion control plan compliance. The minimum deposit is required at plan submittal for additional plan checking and inspection. At the time of permit issuance, additional funds may be required to be added to the deposit if the deposit balance is less than estimated inspection fees, as determined by the City. Any portion not expended by the City in its engineering review and inspection is refundable. Time billed will be based on the actual cost of staff needed. The hourly wage can vary from \$65-\$155 per hour. Expenses not covered by the deposit will be billed monthly. Bills to be paid in accordance with regular City billing processes. Account must be paid in full prior to final sign-off of conditions. The deposit will be refunded if permittee has complied with the submitted erosion plan and the City has not been required to perform work on permittee's behalf.

NOTES:

VII. ENVIRONMENTAL COMPLIANCE FEES

The following fees are intended to help recover the cost of implementation and enforcement of SMMC Chapter 7.38

- A. Class A Discharge Permit. A Class A permit shall be issued to all significant industrial users (SIU). Class A permit holders are regulated in accordance with the requirements specified in the pretreatment regulations, 40 CFR Part 403 and 40 CFR Chapter I, Subchapter N, Parts 405-471, as amended, and this Chapter. (7.38.260) Cost based on 4 hours admin and inspection time per year at standard labor rate.
- B. Class B Discharge Permit. A Class B permit shall be issued, at the discretion of the Director, to any user who is not a significant industrial user, yet requires periodic inspection and/or monitoring to verify compliance with this Chapter. A Class B permit may be required for discharge of industrial waste from stationary sources, trucked wastes, contaminated groundwater, and other industrial wastes approved by the Director for discharge to the sanitary sewer. (7.38.260). Cost based on 1.5 hours admin and inspection time per year at standard labor rate.
- C. Stormwater Management Permit. A property that is required to install, operate, and maintain stormwater treatment facilities, or maintain parking lots, storm drain inlets, or other facilities for stormwater pollution prevention as specified in project conditions, shall obtain a Stormwater Management (SWM) permit from the Director of Public Works. (7.39.235). Cost based on 2 hours admin and inspection time per year at standard labor rate.
- D. Pollution Prevention Inspection Fee. The Director is authorized to conduct all inspection, surveillance, and monitoring procedures necessary to assure compliance with this Chapter. The Director may enter without unreasonable delay, during facility hours of operation, any premises of any user in which a potential pollutant discharge source exists or in which facility discharge and materials and waste records are kept. Records shall be made available to the Director for inspection and copying. Reasonable times for inspection and sampling may include times that are unannounced. (7.38.350, 7.39.140) Cost based on 0.5- hour admin and inspection time per year at standard labor rate.
- E. Inspection/Investigation Fee. Applies to inspection and investigation activities not covered in D. or K. Cost based on standard labor rate.
- F. Sampling Fee. The Director shall have the right to establish on any property such devices as are necessary to conduct sampling or metering operations. During all inspections as provided herein, the official may take any samples deemed necessary to aid in the pursuit of the inquiry or in the recording of activities on the site. (7.38.350, 7.39.140). Cost based standard labor rate.
- G. Analytical Services Fee. Cost based in service provider cost of service.
- H. Hydraulic Loading Charge. The Director may impose upon the user a hydraulic loading charge for discharge of groundwater or other waters in cases where conventional sewer service charges applied by the City or District do not account for said flows or uses. User discharges which exceed 10,000 gallons per batch discharge or users undertaking long term discharges of groundwater to the sanitary sewer shall be metered and levied a hydraulic loading charge based upon the basic sewer service charge rate. (7.38.260)
- I. Deficiency Resulting in "Significant Noncompliance". At least annually, the Director shall provide public notice in the largest local daily newspaper a list of those significant industrial users that, during the previous twelve (12) months, were found in significant noncompliance, as defined in the pretreatment regulations and this Chapter. (7.38.420). Cost based on administrative time and cost of publication for 3 days in San Mateo County Times.
- J. Failure to Conduct Self-monitoring. The Director may require that the user conduct a sampling and analysis program of the user's waste or stormwater discharge of a frequency and type required by the Director to demonstrate compliance with the requirements of this Chapter. (7.38.360, 7.39.160).
- K. Failure to Comply with Official Notice to Correct Violation. When an authorized enforcement official finds that a user has violated or is violating this Chapter, or a permit or order issued hereunder, the official may serve upon said user a Notice of Violation which enumerates the violations found, and orders compliance by a date certain. (7.38.460, 7.39.270); any condition caused or permitted to exist in violation of any of the provisions of this Chapter is a threat to the public health, safety and welfare, and is declared and deemed a nuisance. (7.38.470, 7.39.280)
- L. Environmental Cleanup/Abatement of Public Nuisance. City may impose a charge upon the user to reimburse the City or District for the cost of cleaning and/or repair of City facilities, including mitigation of waste discharge to the storm drainage system; any condition caused or permitted to exist in violation of any of the provisions of this Chapter is a threat to the public health, safety and welfare, and is declared and deemed a nuisance., and may be summarily abated and/or restored by the City. The cost of such abatement and restoration shall be borne by the owner of the property. (7.38.180, 7.38.470, 7.39.280).
- M. Appeal of Decision to Issue Permit, Levy fees, or Finding of Noncompliance. Any person affected by any decision, action or determination, including administrative remedies, made in interpreting or implementing the provisions of this Chapter may appeal therefrom to the City of San Mateo Public Works Commission. (7.39.200). Fee is refunded if appellant prevails.
- N. Violations Requiring Inspection Warrant or Commencement of Civil Litigation Proceedings. In the event that the user refuses the Director entry to the premises, inspection may be made only upon the issuance of a search warrant by a duly authorized magistrate. In the event that the user refuses entry after the request has been made, the Director is hereby empowered to seek assistance from the court in obtaining such entry; Any person who has violated or continues to violate the provisions of this Chapter or any order or permit issued hereunder, shall be subject to the imposition of civil penalties pursuant to Chapter 1.11 of this Code. (7.38.350, 7.39.140, 7.38.410, 7.39.200, 7.38.480, 7.39.290)

Chapter 3.64 FEES

Sections:

- 3.64.010 Fees.**
- 3.64.020 Penalties & Interest**
- 3.64.030 Fees for Code Enforcement**

3.64.010 - FEES.

Prior to submittal of the annual budget, the City Manager shall submit to the City Council the fees proposed for the next fiscal year. The prior year's fees shall continue if the City Manager does not submit new proposed fees. If the proposed fees do not represent a percentage increase exceeding the percentage increase for the preceding twelve (12) month period as shown by the San Francisco Bay Area Consumer Price Index of the Bureau of Labor Statistics, United States Department of Labor, under the heading All Items, or any index substituted by the Department of Labor therefor, the proposed fees shall become effective on the following July 1, unless a different date is set forth in the submission, provided however that the Council may amend the fees before the effective date. If the proposed fees represent a percentage increase exceeding the percentage increase in the Consumer Price Index, they must be approved by the Council before becoming effective. Notwithstanding the above, the Council may amend any fee at any time. (Ord. 1994-12 § 1, 1994; Ord. 1989-8 § 1, 1989; Ord. 1986-26 § 1, 1986).

3.64.020 - PENALTIES AND INTEREST.

Any fee imposed by this chapter shall be due and payable within thirty days after the bill is mailed by the City. The fees shall be delinquent if not paid within said thirty days. Any person who fails to remit any fee within the time required shall pay a penalty of ten percent of the amount due, per month to a maximum of three months, plus interest at the rate of 1-1/2 percent per month, or fraction thereof, computed from the delinquent date of the fee until and including the date of payment. (Ord. 1989-8 § 1, 1989).

3.64.030 - FEES FOR CODE ENFORCEMENT.

(a) Nuisances. The Council is authorized to adopt fees for administrative costs incurred in the enforcement of Title 7. No fee shall be charged if a property owner or agent abates the nuisance or violation within thirty (30) days after first notification of the violation is mailed by the City.

(b) Other Violations. The City shall be authorized to adopt fees for costs incurred in the enforcement of Municipal Code violations which result in a requirement for a planning application or building permit, if such application is made or permit applied for more than thirty days after notification of the violation is mailed. (Ord. 1990-5 § 4, 1990; Ord. 1989-8 § 1, 1989).
