Subject: Please do not remove outdoor seating

Hello,

As a resident of the city of San Mateo and an avid patron of the local restaurants, I would be extremely saddened to see outdoor seating taken away, it gives local businesses an opportunity to thrive and residents so much joy to spend time outside. If anything, please EXPAND the ability for restaurants to open up seating outside! I have so many fond memories enjoying our city's amazing weather and phenomenal food on B st, and it would be a huge shame to take that away. Not to mention those of us that enjoy taking our dogs out with us!

Please do not restrict Wurstell or the many other restaurants from thriving in our city!

Sincerely,  
Madeleine Prangle

I loved the outdoor Biergarten at Wursthall and I want it to come back. San Mateo should invest in and support outdoor spaces for businesses and residents to thrive!

I really appreciated the outdoor Biergarten at Wursthall and I want it to come back. Downtown San Mateo should invest in and support outdoor spaces for businesses and residents to thrive! Aside from being a healthful amenity, dining outdoors is a suitable use of public space and promotes social and civic life. Streets should be for people, not just cars. Thank you for your consideration.

Sincerely  
Wendy Chou

- - The City hasn't done enough to make this space inviting and attractive. We should be helping those businesses to thrive, especially going into summer:
    - Reduce the onerous requirements for outdoor dining areas and parklet construction;
    - Provide financial support to build inviting outdoor spaces (funding source - market rate parking fees); and
    - Build an inviting space with lighting, greenery and seating
  - We shouldn't make long-lasting policy based on the desires of less than 20 businesses with a high turnover rate. We should base long-term policy on the people who live, work, and recreate in San Mateo.
